Article VII -- Method of Amending the Chapter By-Laws

Section #1: Amending the Chapter By-laws

The chapter by-laws may be amended at any regularly scheduled meeting by a 2/3 vote of the members present, provided notice of the proposed amendment has been presented to the membership at least one regular meeting prior to the vote.

Section #2: Emergency Exception to Section #1

The chapter membership recognizes that the chapter by-laws cannot address every situation (especially in the realm of fishing tournaments); therefore the chapter board of directors is granted the power to amend the chapter by-laws only where it recognizes that the by-laws are lacking in addressing a situation(s) deemed to be detrimental to the best interest of the chapter membership. Amending the chapter by-laws by the board of directors shall require a 2/3 vote of the nine member board as a whole. Once amended the by-laws will stand until such time Section #1 of this Article VII can be implemented at the next regularly scheduled meeting. Once amended by the chapter board of directors, the by-laws change will stand until such time Section #1 of this Article VII can be implemented, and a vote of the membership be taken (on the amended change) at the next scheduled meeting.

Article VIII -- Tournaments

Section #1: Tournament Schedule

The chapter board of directors will develop a yearly tournament schedule. This schedule will be presented to the general membership for their approval at the regularly scheduled November meeting.

After final approval of all dates and locations, the schedule will stand unchanged. The only criteria for cancellation or postponement of a scheduled tournament will be safety or circumstances beyond our immediate control. The board of directors will determine changes as situations arise.

Section #2: Tournament Eligibility

In order to participate in a chapter sponsored tournament, an individual must:

- (a) Have paid his membership dues in accordance with article II, section #3 of the chapter by-laws.
- (b) Have paid the tournament entry fee prior to launch time. Late entries will not be accepted unless one of the officers (president, vice president or sec/treas) is contacted within two (2) hours, plus or minus, of the launch time.
- (c) Be present at the official launch for livewell check.
- (d) Have necessary coast guard approved safety equipment in the boat at the time of launch.
- (e) Not have participated, past or present, as a registered professional bass tournament fisherman.
- (f) Members will be entitled to use guest passes, allowing them to bring a non-member to a chapter event. Guests will be allowed to fish one individual event during a given tournament season. Details and stipulations of the guest passes shall be reviewed and revised annually by the executive board, if necessary, and approved by the general membership. Table Rock tournament guest passes will not count against the season total of passes for individual events. Due to the limited number of boats allowed to fish at Crab Orchard Lake, guest passes will be prohibited. Members only at Crab Orchard tournaments.

(g) Table Rock buddy tournaments will require non-members to fish with an active chapter member. The names and background of non-member participants must be submitted to the board of directors within one day of the start of the tournament by the sponsoring club member. The board of directors will have final approval on non-member participation in order to ensure a fair field of tournament participants.

Section #3: Tournament Rules

The list of official tournament rules will be reviewed annually by the board of directors and presented to the membership for the upcoming tournament season.

Any changes in the official tournament rules will be as prescribed in Article VII.

Steel City Bassmasters Tournament Procedures, Policies, and Rules

- The Steel City Bassmasters and its executive board are not responsible for theft or injuries incurred during chapter sponsored tournaments.
- There are no age restrictions for tournament participation.
- During large participation tournaments and at the discretion of the tournament committee, each boat will be assigned a number that will determine the order in which boats will be launched. At the discretion of the tournament director, the weigh-in will also be conducted by boat number. This is done to reduce stress on the fish and promote live release.
- All fish presented alive will be released immediately following the weigh-in.
- Each contestant must provide their own weigh in bag to present their fish to the scales. Each contestant must use a separate weigh in bag for each member catch as to avoid confusion at the scales.
- Each contestant will be allowed to bring in the legal creel limit and length limit of bass (as allowed by state regulations) to the weigh-in on each tournament day.
- Largest fish will break ties for total weight.
- Ties for big fish will be broken by total weight for that individual.
- All protests must be made in writing within 10-minutes of the final weigh-in. These protests must be made to one of the club officers or board members. These individuals are the tournament committee and will render a decision based on the facts presented. All decisions made by the tournament committee are final.

The following tournament rules carry their own unique penalty, as determined by the tournament committee.

1. Dead fish carry a penalty of 2-ounces.
2. Short fish will be discarded and a 1-pound penalty will be assessed to the remainder of that day's catch.

The following tournament rules carry a penalty of disqualification from that day of competition, as determined by the tournament committee. (continued)

4. Every boat must have, and use, a properly aerated livewell. Stringers are strictly prohibited.
5. Only artificial lures, with the exception of pork, may be used. Only one casting, spinning, spin casting, or fly rod may be used at a time. Trolling as a method of fishing is prohibited. All bass must be caught live and in a conventional sporting manner.
6. It is prohibited for any participant to hire or use the services of licensed resort owners, managers, employees, or guides on the respective waters for the purpose of locating bass and/or fishing locations for a period of three days prior to each scheduled tournament. Use of cell phones and other electronic communication devices during tournament hours will be restricted to emergency use only. The use of cellular telephones and other electronic communication devices for the purpose of locating fish or gaining information on catching fish during tournament hours will be considered a violation of the tournament rules and will be dealt with accordingly.
7. If our launch facility/ramp is located inside a no-wake area that is shared by a marked gasoline-supply marina, the area inside that no-wake area will be considered off-limits to tournament fishing. This will be the only off-limits area unless the board has developed specific restrictions related to a venue.
8. Transfer of fish from one contestant to another for the purpose of enhancing tournament standing is prohibited, resulting in a penalty of disqualification and revocation of chapter membership as determined by the tournament committee.
9. Consumption of Alcoholic beverages is prohibited during posted tournament hours for all Steel City Bassmasters events. Violation of this rule will result in immediate tournament disqualification and further disciplinary action up to and including removal of the individual from the Steel City Bassmasters Organization as determined by the Club Officers and Board Members.
10. Contestants must arrive at the weigh-in within 15 minutes following the scheduled tournament end.

Penalties for the following tournament rules will be determined on-site by the tournament committee.
